Volumetric Excise Tax Credits for Alternative Fuels

ON OCTOBER 1, 2006, the alternative fuel excise tax credit provision of the Highway Act went into effect. This Act provides an excise tax credit for certain alternative fuels and alternative fuel mixtures, including natural gas, propane or liquified natural gas.

Businesses can earn a 50 cent per gallon tax credit on alternative fuels, including propane, used to operate forklifts.

■ FIRST ADVANTAGE CAN HELP

Most companies don't have the resources or staff to focus on this potentially huge tax savings.
