

8850 FORM UPDATE Final Form is Not Available Yet

January 31, 2007

An IRS spokesperson who oversees the WOTC program states that the 8850 posted on the IRS Web site (<http://www.irs.gov/charities/article/0,,id=128686,00.html>) is not the final version.

First Advantage leadership met with the IRS on January 10, 2007 to discuss recommendations for the 8850 form. First Advantage is optimistic these changes will be incorporated in the final version.

We are hopeful that the final draft will be approved in February and we will send you the link to the new form as soon as it is posted. In the interim, please continue to use the old form.

For additional information regarding form 8850, please contact your First Advantage Hiring Credit Manager.
