Service UPDATE

Georgia MVR Changes

The state of Georgia has changed their requirements for processing MVR searches. All requests will need to contain the information exactly as it appears on the driver license. If the information is not an exact match, the report will be returned as No Record Found. Please cross-reference the drivers' license to all information you are submitting to First Advantage for your motor vehicle report. If the applicant has a complete middle name listed on their license, please do not submit the request with an initial; this will be returned as no record found (I.E. the request should state John Thomas Smith not John T Smith).

The following is required by the state of Georgia for MVR request:

Full name: first, middle, last (as it appears on the drivers license)

Correct Date Of Birth

Sex: male or female

Drivers License #
