## **Service UPDATE**

---

### **Wyoming Workers Compensation Changes**

The State of Wyoming, Workers Compensation Division, now requires a special release form to be sent into the state to gain access to workers compensation records. The new release form can be found on the Web site within the ScreenApp tool or from the resource section of the Web site. If you would prefer you can contact client services and they will gladly send you a copy. The state will also be imposing a fee of \$5.00 for each workers compensation request. The new fee is state mandated and will be in addition to the current fee paid for workers compensation reports.

Martin Luther King Jr. holiday will be celebrated on Monday January 19, 2004. Many government agencies and schools will be closed in observance. Due to these closures you may expect some delays in reports processed through these agencies.
